

# West Waukesha Bypass Meeting

Wednesday, April 6, 2016

4:00 – 6:30 pm, Waukesha West High School

## Public Information Meeting Scheduled

A public information meeting will be held to update the public on project developments since the approval of the project's Final EIS and Record of Decision in late 2014. Representatives from the City of Waukesha, Waukesha County and WisDOT will be available to present construction plans and other exhibits for their separate projects and respond to questions. In addition, Waukesha County will provide information on the refined design of the Pebble Creek West Alternative that avoids the wetland fen immediately south of Sunset Drive and reduces the project's overall wetland impact. A drawing showing the design refinement can be found at [www.waukeshabypass.org](http://www.waukeshabypass.org) under "Latest News." Waukesha County and WisDOT are preparing a reevaluation of the 2014 Final EIS to address the Pebble Creek West design refinement and other new information since 2014. The April 6 meeting will allow the public to comment on the reevaluation document which will be available for review at the meeting.

The West Waukesha Bypass public information meeting will be held on April 6 from 4:00 – 6:30 pm at the Waukesha West High School Cafeteria, 3301 Saylesville Road. The meeting will be an open house, with a presentation on the design refinement at 5:30 p.m. A question-and-answer session on the Final EIS reevaluation will follow the presentation.

## Contact
